Hi- Can I be optional for the Janet discussion on Thursday or can we move it to the morning?
I would like to meet with NWF folks who are in NYC for a few hours.

Thanks

Hi good morning Lisa, so glad to hear that you're in town this week! Curtis and I are available at 1pm on this Thursday June 23, 2022. Did you have a good place near your office that you had in mind?

Hi Marcus -

Congratulations again! it was great seeing you and meeting your daughter- like you said best date ever!! Love the pictures too!

I am in town and in the office on the 23rd. What time would you be around? I can see if I can make a meeting happen early afternoon?

I could be open at 1pm or I may be able to move a 2pm meeting. Then I'm free again at 5pm.

If not let's schedule something another day.

Glad to all be officially in touch!

Talk soon,

Lisa G

Hi Lisa! It's Marcus Sibley of NWF, and let me first thank you for the inspiring words and call to action during your keynote address at last night's NJLCV Gala. I've included some photos from the event. I'm also reaching out to follow up on our conversation about the meeting with Curtis and I. This is very short notice, but we will be in Pelham, NY for an event with our NY Affiliate Environmental Advocates of NY on the evening of June 23, 2022. Since we're heading that way, we wanted to inquire if you had any availability to meet earlier that day. If not, we definitely can look into some dates in July. Looking forward to hearing from you, and thanks for all that you do.
